Image: Heifers 2 ½ years old PTIC.

One line has been a.i. mated to Lawsons's Dinky Di Z191, Alpine Dinky CGK C106 and Willalooka Bushman SDW B333. Dunoon Trooper BHR T10 was used for heifer returns. Natural back up bulls were Weeran Dinky D276 and Weeran Boomerang B59. The natural and ai joining program ran from 8/6/10 – 3/8/10, being a nine week joining. The calves will hit the ground starting the 17/3/11. Heifers will be drafted into saleable lots. Female rebate 1 ½% and Bull rebate 2 ½%, to outside agents.

*Gordon Dickinson and Grant Little
of Nareen Station, have been
purchasing Weeran bulls since 1998.*

*"Apart from genetic merit, we
have been impressed by their
temperament and the after
sales service by Alec & Jo.
These bulls work twice a year
and easily retain their health
& vigour", said Gordon & Grant.*
