WELCOME TO WEERAN ANGUS

Weeran is a specialist seedstock operation, producing Angus genetics for the beef industry, along with prime lambs, and crop production for

our own use. Situated at Byaduk, Western Victoria, "Weerangourt", is a family based farming operation.

Weeran is a leading Angus herd producing high performance genetics, which are regularly proving their worth on farm and feedlot. We have two annual bull sales a year, supplying genetics for the autumn and spring joinings.

IBMS GENETIC TYPE SUMMARY (GTS)

All Weeran bulls have been assessed by Dick Whale on the GTS Type/Structure system and all explanations and figures are available on the website, and on sale day.

COMPREHENSIVE GUARANTEE & SUPPLEMENTARY CATALOGUE INFORMATION

BOOROOMOOKA TRACEY Z5
 BOOROOMOOKA TRACY T4

Booroomooka Frankel was purchased by a syndicate of leading seed stock herds being Witherswood, Glenavon, Wattletop for \$65,000 in 2012. We were able to purchase a semen package in the bull and with performance figures like this you can make very rapid growth and carcass gains in one big step.

 H F RUBY 036-951

THE Rishel program has added value to programs all around the globe. The solid generations deep marbling potential with a usable growth curve is the reason this sire line will help to cement carcass quality in our herd.

EBONA OF CONANGA 1980
 EBAYNA OF CONANGA 878

Selected by Dick Whale for use in Australia by his seed stock clients. He was used heavily in heifer joining programs and has shown great promise. You only rarely find calving ease bulls with this much spread or top end growth.

Barwidgee Jay W was purchased by Dick Whale and Steven Baker at the 2011 Barwidgee spring bull sale described to me over the phone by Dick as the best bull Barwidgee have bred by a couple of panels of fencing. He has been used extensively and is proving to be a very good purchase as all his data for growth and carcass heads North.

WEERAN YOUNKIN TRIUMPH VHW A94

HYLINE PRIDE 265

Fair Dinkum was retained as he had an exceptional IMF scan plus excellent growth and carcass numbers. The other area which attracted me to him is his outcross dam who has done a good job in our herd and broadening the gene pool with outcross performance genetics is vital for the industry.
