PERFORMANCE DRIVEN

SPRING BULL SALE
61 BULLS INSPECTIONS 10AM

TUESDAY 8th SEPTEMBER 2020 • 1PM

DONORS

We have completed an extensive Embryo program with Rob Pashen of AA Genetics.

We have a bank of embryo's from the special females purchased at Coolana, Witherswood, Anvil and Wattletop Dispersal sales over the last three years. This is alongside our own embryo program within the Weeran Herd

from our own leading performance females. This has given us an opportunity to fast track and develop our Stud Herdbook program. The introduction of these genetics add genetic diversity and cutting edge genes to our future product! We are very excited with the progeny coming through.

WELCOME TO WEERAN ANGUS

Dear Cattle Breeders

On behalf of the Weeran Team, we hope you and your families are remaining safe and well during the Covid-19 period. What a year and one we will never forget!

Welcome to Weerangourt and the 14th Spring Sale, and our 44th on property auction. With all the distractions nationally and the world, we mustn't forget that farmers are feeding the world, and the world must eat, and therefore, cattle breeding is an essential service!

We are very pleased and proud to say, we are pushing as hard as we can to advance the Weeran Herd, and to make available to you, the very best genetics and service we can possibly provide. This line up of bulls are packed full of fertile, functional, profitable, performance genetics!

All sale bulls have their latest genomic data in and we are pumped! Genomics guarantees pedigree accuracy and fine tunes each animal to it's true genetic potential. Every

bull is Sire Verified! It is very exciting to be working with this cutting edge management tool. We are breeding bulls with fantastic calving ease, excellent growth and great carcass merit!

Our bull sale will be run on property and on line with Elite Livestock Auctions. We are running three field days, all run with strict Covid protocols in place. These field days will enable everybody to make an appointment to inspect the bulls in a safe environment and you will then have the opportunity to attend the sale, organise an agent to purchase on your behalf, or purchasing on line with Elite Livestock in the comfort of your own home. Further details of this will be well publicised as we get closer to the date.

We would like to take this opportunity to express our appreciation to our clients and friends and thank you for supporting our breeding program.

Kind regards
Alec & Jo

DELIVERY

Weeran will organise delivery of your purchases free of charge up to 150kms. Over and above this by negotiation.

HEALTH STATUS FOR ALL SALE BULLS

1. Fertility and Semen Quality Tested
2. Drenched and 7 in 1 Vaccination
3. Two Pestigard Vaccinations and Two Vibrovax Vaccinations to all Sale Bulls.

SEmen RIGHTS

Weeran retains semen rights on all sale bulls for use in Weeran herd. If required, Weeran will organise and collect semen at our expense and at your convenience.

GENETIC CONDITIONS

All sale bulls have been tested for known genetic conditions, and results are printed in the catalogue. For further information, please refer to Angus Australia website...

IBMS GTS GRADING

IBMS GENETIC TYPE SUMMARY (GTS)

All Weeran bulls have been assessed on the GTS Type/Structure system. All the bulls in the catalogue are considered acceptable for soundness and muscling. The GTS system has been broken up into two distinctive trait groups.

DESCRIPTIVE TRAITS

Stature - Evaluation of bulls for frame size. A maturity pattern 25 is an average frame bull. This may be influenced by age of dam, particularly first calf heifers.

Capacity - Bull evaluation combines depth of fore rib along with spring of rib and width of chest floor, as well as depth of flank. Scores greater than 25 indicate larger capacity.

Body Length - Evaluation of body length from withers to pins. Scores greater than 25 indicate longer body length. Muscle - Scores higher than 25 indicate above average muscle.

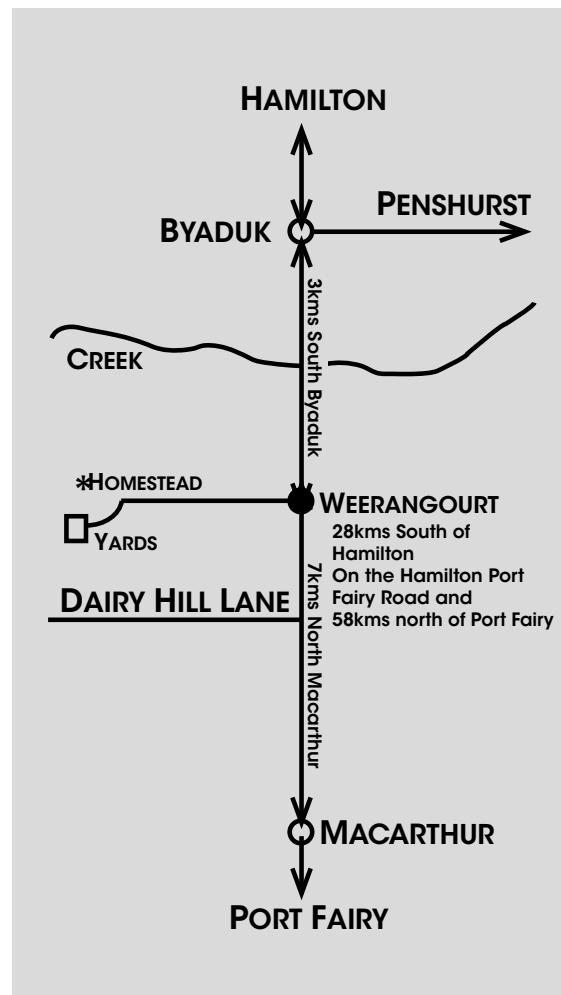

Doing Ability - Ability to lay fat relative to their peers under common management system.

STRUCTURAL SOUNDNESS TRAITS

The system is aimed at being as simple as possible. All structural traits (front and rear feet, rear leg angle and pastern scores) are presented in the same format. A score of 25 is the optimum. Scores of 23/24 and 26/27 represent a slight variation from ideal.

These animals would be acceptable in most breeding programs. Scores of 21/22 and 28/29 have a larger variation from ideal, but would be acceptable in most commercial herds, but seedstock producers should assess these animals carefully. Scores of 20 or 30 are low scoring and should be carefully evaluated prior to purchasing.

Bulls scoring outside these scores should be considered culled and not catalogued for sale. Structure scoring is only given to give potential purchasers a guide, it is not a guarantee of the lifetime structure soundness of an animal. Many thanks to Dick Whale for assessing all sale bulls. WEERAN GUARANTEES!

An excellent Joel Son we used as a yearling, with a great combination in the pedigree with Joel and longstanding stalwart Barwidgee JayW on the maternal side. Weeran Motlop is a real looker, who we used heavily in our Spring joining program. Top 2% calving ease direct, top 7% calving ease daughters, top 8% gestation length and top 11 birthweight with positive fat.

Wattletop Franklin G188 the Matron Maker the best bull to come out of the Wattletop Angus Stud. The most complete bull from Cohort 4 in the Angus Sire Benchmarking Trial, being a trait leader for calving ease, growth, fertility and carcass traits. His mother E295 topped the Stage 1 Wattletop Dispersal sale for \$38,000 to Sprys Angus. His daughter, J464 equal topped the sale for \$38,000 to Bannaby Angus. His 10 year old Grand Dam C136 sold for \$16,000 to KO and Bannaby Angus, and . . . had a total of 16 daughters averaging \$14,187, truly highlighting the matron maker in this bull. A terrific result in a strong sale where all 259 females sold to average \$8,494. He sires moderate, but heavy framed docile cattle with super calving ease. The three top selling bulls from the 2020 autumn bull sale were three Franklin sons. He has 1168 progeny across 65 herds.

Hooper is a fantastic son of TeMania Africa! Unprecedented birth to final, outstanding milk in the top 7% for the breed, extraordinary scrotal also in the top 1%, along with a Heavy Grass Index in the top 11%. This bull is as thick as a brick, and sound as a bell and is the best Africa son I have ever seen. His temperament is perfect & he has bred so well at Weeran along with many herds who have purchased his genetics. Twelve sons sold for an average of \$6,917 at the 2019 Spring sale with three equal topping the sale. He has 349 progeny on the ground.

Joel has been a star performer at Weeran! He is the full package for performance which was validated with his outstanding final results in the Angus Society benchmarking trial, Cohort 6. With a group of 41 sires registered, Joel was in the leading pack of all traits recorded. No 1 in the cohort for Carcase Weight, 4th for 600 day weight and AB1, 6th for 200 day weight and 8th for EMA. A very exciting home bred sire. The combination of calving ease, low birth, large scrotal and carcase quality has made him a very easy bull to use.

An Angus Australia Sire Benchmark Trial graduate from Cohort 4, with well rounded performance with moderate calving ease, growth and great carcass qualities. A pedigree stacked with some of the breeds most influential sires in Te Mania Africa, New Design 036, Kennys Creek Sandy S15 and Scotch Cap, coupled with proven super sound structure was a huge draw card when choosing Gravity G13. Used heavily here at Weeran over heifers and larger birth weight cows to help right any calving ease issues. He has great capacity, softness and thickness, and is breeding the right temperament for ease of handling. 398 progeny across 19 herds.

Barwidgee Jay W was purchased in 2011. A terrific calving ease to growth spread with an excellent body type. We have a lot of faith in this sire line to perform in the paddock which is what counts in the end. His progeny are very impressive and have been well received in the marketplace. Still at the ripe old age of 11 year old he stands in the paddock for stud duties. He has 275 progeny registered with Angus Australia.

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in Australia and "Happy Bidding"

- 1 Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device
- 2 Click on the "**Sign Up**" page / link
- 3 Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)
- 4 Agree to the Elite Livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue
- 5 Click "**Register**"
- 6 You will then be notified by email that an account has been created
- 7 Once an account has been created you are all "**Set to Bid**"
- 8 Each auction can then be viewed by clicking "**Live Auction**" logo on the Elite Livestock Auctions website
- 9 Once you receive email notification that your account has been created please go to the sale you wish to bid at and click "**Request to Bid**"
- 10 The sale agents will then approve your application to bid and on the sale catalogue you will see "**✓ Bid Request Approved**"
- 11 On Sale day simply login, click "**Enter Auction**" on the catalogue page and you can start bidding.
(There is no need for software download)
- 12 At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

Wattletop Franklin needs no introduction to the industry being a tried & proven sire and a top performer in the Angus Society Benchmarking Trial. The first of the run of 8 Franklin sons in this sale. Franklin was selected in the Weeran program for calving ease, growth, fertility and carcase. The three top selling bulls in our Autumn 2020 sale were all sons of Franklin. P455 is in the top 6% for birthweight and top 1% for calving ease daughters. Excellent net feed efficiency in the top 1% of the breed. This son will add value to the industry. **50K CONFIRMED**

Barwidgee JayW and Big Sky are such a good combination for calving ease. Excellent structure grading 6 by Dick Whale. Birthweight in the top 17%, calving ease daughters top 2% and calving ease direct top 12%. When we talk about calving ease, we look at all three calving traits to classify the Weeran progeny into calving ease sires. P626 gives you an ecvelent growth curve with 400 day growth in the top 4% and 600 day in the top 6% with a moderate mature cow weight and very good indexing for Domestic and Heavy grass, both in the top 16% for the breed. Ideal for heifer matings. A calving ease specialist with heaps of growth! **50K CONFIRMED**

One of the highest grading bulls in the sale with a 7 combined with fantastic calving ease! Weeran Mustang was a magnificent embryo son out of the Weeran Pride family and was used as a yearling across the Weeran joining's prior to being sold at auction as a 2 year old. He has produced some excellent progeny. P612 has Barwidgee Jay W on the maternal side and combined with Big Sky, his structure is excellent. Birthweight is in the top 9%, calving ease daughters in the top 2% and calving ease direct in the top 16%. Ideal for heifer joining's. **50K CONFIRMED**

Weeran Hooper, a favourite sire in the program, keeps producing outstanding sons. Hooper genetics topped the 2019 spring sale with three sons making equal top price. With six sons in this sale, they are not to be missed. Dunoon Reagan and Weeran Hooper combine here for great calving ease. P540 is in the top 5% for birthweight and top 8% for calving ease direct. Great fertility with scrotal in the top 1%. On the maternal side, Weeran J363 has produced all high quality calves with males making bull sale quality and females all retained in the Weeran Herd. **50K CONFIRMED**

The first of the Weeran Mackinnon M66 progeny. He was used extensively in the Weeran Spring joining when he was a yearling for his excellent type and temperament. He carries the maternal prowess of TeMania Emperor, Highlander of Stern, Millah Murrah Woody W100 and Ythanbrae Henry VIII, and the main stay Millah Murrah female families of Abigail, Rado and Flower. Mackinnon sold for \$18,000 to the Hurley Family Angus in East Gippsland at our 2018 Autumn Sale. Combine that with a highly potent Joel daughter & you get a very good growth profile, calving ease daughters in the top 3%, gestation length in the top 17% and carcass weight in the top 9%. **50K CONFIRMED**

The first of two Weeran Mars M106 bulls for sale along with the next lot. Mars was the poster boy bull from our record breaking 2018 Autumn sale where he sold for \$18,000 to Clunie Range Angus in far north NSW. Tom inspected Mars in early July this year where he still looked as good as the day he was sold, structurally sound, very docile with plenty of shape. Two great herds combine being Millah Murrah & Coolana in this young son of Mars with a good growth curve & carcass profile. Not over the top but very believable. **50K CONFIRMED**

Our super star sire Weeran Joel needs no introduction! Many runs on the board across the last 7 years with 413 progeny analysed with Angus Australia out of 10 herds. The youngest of the yearling bulls will not disappoint. Excellent calving ease with top 3% for calving ease daughters and top 14% calving ease direct. An awesome EMA of 10.7 makes him in the top 3% of the breed. Combine this with the proven pedigrees of Joel and Barwidgee Jay W and you have a terrific genetic package! **50K CONFIRMED**

Buyer Price \$

An interesting taste of the G A R program combining it with a thick bodied Millah Murrah Hector daughter. An exciting outlier pedigree. Great indexing in the top 2% for domestic and top 6% heavy grass. Calving ease plus feed efficiency in the top 11% & rib/rump fats both positive. Will produce soft easy doing carcasses. **50K CONFIRMED**
